

During this tour you will visit two of the most important archaeological sites of the Mayan culture. In Coba you will find the highest pyramid in Yucatan and in Tulum you will visit the only archaeological zone in front of the paradisiac Caribbean Sea. You will also be able to swim in the crystal clear water of a cenote, to visit an authentic Mayan village and to enjoy a magnificent buffet with regional dishes.

Enjoy the perfect mix of culture and adventure, come and get to know the Mayan culture using the local style; visit the ruins and travel in time to enjoy the archaeology, flora and fauna of the antique world.

Get to know Tulum, the legendary walled city at the seashore, which has a unique view of the Caribbean. Continue your tour towards the crystal clear and refreshing water of our open cenote, where a native chaman will welcome you to see how his people live in a small community. We will travel to the mystical Coba and please allow us to pamper you with the best regional cuisine to regain your strength; as you climb the highest pyramid in the peninsula you will enjoy the panoramic view it has to offer.
